Salesperson careers

Helping grow the country

PGG Wrightson is New Zealand's leading provider to the agricultural sector, offering a wide range of products, services and solutions to growers, farmers and processors in New Zealand and internationally.

We have a rich heritage of more than 160 years working alongside New Zealand farmers to service their on-farm needs. These long-standing relationships make us one of the most trusted real estate companies in the country, and the first choice amongst farmers. PGG Wrightson Real Estate is a market leader in farm sales in New Zealand and this is consistently demonstrated through our results.

People focused

More than anything else, our people are what set us apart and are the basis of our business success. Throughout the regions in which we operate, our salespeople are key members of the rural community and trusted partners of our farming customers, with long-term relationships that frequently span generations. As a business, we invest heavily in ensuring that we have the right people, appropriately trained and equipped to deliver services and customer requirements. When it comes to industry knowledge or real estate expertise, you can rest assured that the PGG Wrightson Real Estate team can deliver professional service with integrity.

A network that really works

When you deal with us, you deal with one company and one team. While it's important for individual salespeople to be backed up with proven marketing tools, of equal importance is having a strong network of real estate professionals to connect buyers and sellers from all over the country. Buyers today are more mobile and look for opportunities in many different areas of the country. PGG Wrightson Real Estate has a network of over 160 salespeople nationwide, backed up by over 2,100 staff from the wider PGG Wrightson Group, who really work together to achieve the best outcome for our clients.

Our difference

- *We are not a franchise. We are a publicly listed company, which means no franchise fees come out of your hard-earned commission.*
- *We have over 2,100 staff throughout New Zealand reinforcing the PGG Wrightson brand.*
- *PGG Wrightson's divisions work together as a large network to help build your database.*
- *Our branding is well known, signifying trust and integrity, and is consistent throughout the country.*
- *Staff benefits are available through the wider group.*
